## Mr. Bendheim Appointed Clerk.

As will be seen by the following letter Judge Bailey, of the Corporation Court, has appointed Mr. Charles Bendheim clerk of the court of this city, to fill the vacancy caused by the death of Mr. J. S. Beach.

September 14, 1905.  
Hon. Charles Bendheim, Alexandria, Virginia.

Dear Sir—A vacancy having occurred in the office of Clerk of the Corporation Court of this city, through the honorable death of the late John S. Beach, it devolves upon me as judge of said court, to appoint his successor for the unexpired term, which extends to January 1, 1907. I have given the matter of this appointment my most careful consideration, and being actuated solely by what I conceive to be for the best interests of the office, the court, and the community at large, I have determined to tender the same to you, expressing the hope that you will see your way clear to accept the appointment.

In tendering you this appointment I am not unmindful that there are other worthy applicants, but I believe you to be peculiarly fitted for the position. I am aware that retiring from the practice of your profession will entail upon you some loss as well as embarrassment, for which I hope that the acceptance of this appointment will justly compensate you. I send this by special messenger and ask for an early reply.

Very truly yours,  
LOUIS C. BARLEY, Judge.

Mr. Bendheim is a well-known and popular lawyer of this city, who will, should he accept the position, devote his time and talents to the duties of the office for which he is in every way qualified.

## Will Use New Depot Tomorrow.

As has heretofore been stated, the new union depot, adjoining this city, which will be used by all passenger trains of the Southern, Washington-Southern and Chesapeake and Ohio roads, will be put in use tomorrow. The first train to leave the new station will be southbound passenger train No. 39, which reaches here from Washington at 4:49 a. m. The last passenger train which will pass over the Fayette street track will be northbound passenger train No. 40, which will reach this city between 11 and 12 o'clock tonight. The new depot is not entirely completed, and the temporary structure to the east of the new tracks will be used for a few days. Henry and Fayette streets, over which trains have been running for over forty years, will be relieved of considerable traffic after today.

It has not been definitely stated what has not been made of the Henry street track after tomorrow. Supervisor Rice, of the Washington-Southern Railway, has notified one of the gatekeepers to remain at his post until tomorrow night at which time other arrangements would be announced. The freight depot will be continued on Fayette street for a time, but it is believed that eventually everything in connection with the road will be removed to the new depot.

All baggage which may be at the Fayette street depot tonight unclaimed will be removed to the new depot.

## Funerals.

The funeral services over the remains of the late John S. Beach were held at 7 o'clock this morning at the residence on north St. Asaph street. Rev. Messrs. Stump and Ewell officiated. Alexandria, Washington, lodge of Masons and members of the Bachelor Club were in attendance, as well as many friends and relatives of the deceased. Later the remains were escorted to the Fayette street depot where they were placed aboard a southbound Washington-Southern Railway train and taken to Lorton Valley, Fairfax county, where the interment took place with Masonic honors. The pallbearers were the following, representing the Court, the Masonic fraternity and other friends of the deceased: Judge L. C. Barley and Messrs. N. S. Greenaway, C. B. Callahan, T. W. Robinson, DeW. Atcheson and Chas. W. Duffey.

## Death of William Dade.

William Dade died at the home of Mrs. Frank Pyles, at Dawsonville, Md., yesterday, aged 78 years. Mr. Dade served in the Confederate army, in the First Maryland Regiment. After the war he became a schoolteacher in Montgomery county, Md. His father was Colonel Robert Townsend Dade, captain of militia in 1812 and went to the defense of Baltimore city. Colonel Dade was the son of Rev. Townsend Dade, who was educated in England, and ordained by the Bishop of London in 1765, and after coming to this country became first rector of Christ Church, Alexandria, which numbered General Washington among its members. Rev. Mr. Dade continued in charge of this parish until 1778, when he moved to a tract of land known then as Friends' Advice, four miles from Boyds, Montgomery county, Md., where his only son, Col. Robert Dade, the father of William Dade, was born.

## River Notes.

The steamer Washington, which arrived up this morning from Norfolk, reports a heavy blow in Chesapeake Bay last night. The steamer, however, was not materially delayed by the head wind and heavy sea.

The barge Fannie, with laths for Washington, and the Lily of the West, with lumber for Fort Washington, have departed from Smoot & Co's wharf.

## Personal.

Mrs. Sarah A. Dix was paralyzed at her home on Pitt street last night. Mrs. Annie Schwab Smith, after a delightful trip to Chesapeake Bay resorts and Baltimore, has returned to her home in this city.

Miss Emma Konig, daughter of Councilman George Konig, of Baltimore, Md., is visiting Miss Maggie Schwab on north Royal street.

Mr. C. C. Carlin has received a letter from Mr. J. Taylor Ellyson, chairman of the democratic State committee, asking him to take the stump in the present campaign and speak under the direction of the State committee. Mr. Carlin has accepted the invitation.

Mr. Lewis H. Machen has been invited by State Chairman Ellyson to speak during the campaign and on Monday next will address the voters of Culpeper.

Mr. A. C. Wyckoff, now of Laurel, Maryland, is in the city on a short visit to his many friends.

It is positively announced that Mr. N. S. Greenaway will be a candidate for clerk of the courts, subject to the decision of a democratic primary.

## New Wharf in Service.

Smith's wharf, the new landing on the Potomac in King George county, about forty miles down the river, is now in service, and the river line steamers are making regular stops there. As yet only the pier head and warehouse are completed, and communication with the land is maintained by a large scow. The work of building the wharf out from the shore to the pier head is being pushed and will be completed in a short time. Smith's wharf takes the place of Stiff's that was destroyed by ice last winter, and will be a large shipping point to this city.

## Struck by a Train.

Henry Perry, colored, was struck by a train on the Washington-Southern Railway near Brickhaven last night and seriously injured. Perry managed to gain his feet, however, proceeded toward the station at Arlington Junction, intending to board an electric train for this city, but fell between the tracks and was unable to rise. A southbound train came along later and the motorman saw the man and stopped the cars. Perry was placed on the train, brought to this city and taken to the Alexandria Hospital, where it was ascertained that his hip had been dislocated.

## Police Court.

[Justice H. B. Caton presiding.] The following cases were disposed of this morning:

John Jordan, colored, arrested by Officers Smith and Ferguson charged with cutting Ed. Williams, had his case continued.

James Bell, colored, arrested by Officer Henderson charged with being drunk and disorderly, was fined \$5. William Levell, arrested by Officer Smith charged with assaulting Gustave Levell, was fined \$5.

## Committee Meeting.

The committees on streets and general laws met last night when State Senator Machen appeared and explained the proposition which he will present at the next meeting of the Legislature in reference to amending the State constitution so as to allow cities to levy taxes upon property abutting on streets where improvements are made. The committee approved the plan and directed the city attorney to draw up an ordinance embracing Mr. Machen's proposition, which will be submitted to the City Council.

## Democratic Committee.

It is understood that a meeting of the city democratic committee will be held in a day or two to make arrangements for holding a primary to nominate a candidate for Clerk of the Courts. All kinds of rumors are in circulation concerning the matter and of the probable action of the committee, but none of them are authentic, and the result will in all probability be a primary so that all the candidates can submit their claims to the voters.

## A Fall Morning.

Early last night the wind began to blow fresh from the northwest, and soon clouds of dust were being hurled through the streets. The temperature began to fall, and before midnight conditions were chilly. The temperature this morning caused some to draw near stoves. Throughout the day a brisk northwest wind and clear weather has prevailed.

## School Permits.

The clerk of the City School Board this morning commenced the issuing of permits to colored children to attend the public schools and during the day issued 355 such permits—158 to boys and 197 to girls. On the corresponding day last year, 371 were issued—162 to boys and 209 to girls. Permits will be issued to colored children again tomorrow.

## Ran Car Into the Street.

A freight car was run from the Southern Railway depot into Duke street, between Henry and Fayette, between 4 and 5 o'clock this morning. It struck and demolished a telegraph pole, causing wire to fall upon houses on the north side of the street and occasioning considerable alarm among people living on that square. The car was considerably damaged.

## Block System for Southern.

Assistant General Superintendent M. M. Richie, of the Southern Railway, states that the road will immediately install the block system on all six divisions of the Western district. The work of installation is already under way between Atlanta and Austell, Ooltewah Junction, Tenn., to Citico, and Atlanta to Macon.

A long blast of a locomotive whistle at the western end of the Wilkes street tunnel about 5 o'clock this morning awoke many people living in the vicinity, who supposed a fire was raging.

## Chamberlain's Cough Remedy Aids Nature.

Medicines that aid nature are always most effective. Chamberlain's Cough Remedy acts on this plan. It allays the cough, relieves the lungs, aids expectoration, opens the secretions, and aids nature in restoring the system to a healthy condition. It is famous for its cures over a large part of the civilized world. Thousands have testified to its superior excellence. It counteracts any tendency of a cold to result in pneumonia. For sale by Gibson & Timberman and W. F. Creighton & Co.

## "Sign of the Cross."

"The Sign of the Cross," a play which has ever been popular, will be the attraction at the Opera House on Saturday evening. The play is unique because it deals successfully with a religious subject and at the same time tells a story that is so thrilling, so full of heart interest and intense human passion, that it appeals to all lovers of a sensational and spectacular stage presentation. The company that will be in this city is a very superior organization.

## The Collector's Office.

The committee appointed to wait on Commissioner Yerkes tomorrow and protest against the removal of the Internal Revenue office from this city will leave here on the 10 o'clock train for Washington and proceed at once to the Treasury Department. The name of Mr. J. A. Marshall was omitted from the committee list yesterday.

## LOCAL BREVITIES.

The National Council, Order of American Mechanics, in session in Washington, paid a visit to this city and Mount Vernon today.
